

JOIN OUR TEAM

If you are

Digitalization Architect (all genders),

we look forward to talking to you.

#benefitcheck

- Technologically challenging tasks and projects
- Trusting and open cooperation
- Career model with concrete opportunities for advancement and structured development paths
- Possibility to work up to 80% mobile
- Little travel activity
- Sustainable and CO₂-neutral mobility concept

#challengecheck

- Advance our knowledge in cloud technologies and specifically in SAP BTP
- Holistic design and implementation of business processes using BTP and S/4HANA
- Develop solutions for our customers, which include requirements analysis, feasibility study and GAP analysis as well as architecture, security, implementation and support. Cloud- and web-technologies as well as add-on products based on SAP S/4 BTP are being used.
- Support project teams with technical expertise in system analysis and design
- Mentoring as well as professional training and further education of team members

#skillcheck

- Several years of experience in the SAP environment
- Great passion for cloud technologies
- Technical understanding of cloud infrastructures, platform solutions, network security, identity access management and system architectures
- Solid experience in requirements analysis, architecture design and cloud scenarios
- Curiosity, willingness to learn and motivation for further development
