

JOIN OUR TEAM

If you are

Junior Consultant SAP-Processes

(all genders),

we look forward to talking to you.

#benefitcheck

- High-quality entry-level program with a structured sequence of training modules that build on one another
- Training courses by experienced experts impart well-founded theoretical knowledge and practical experience at an early stage
- Participation in a SAP consultant certification
- Career model with concrete opportunities for advancement and structured development paths
- Very well-equipped mobile workplace with modern infrastructure
- Possibility to work up to 100% mobile
- Little travel activity
- Sustainable and CO₂-neutral mobility concept

#challengecheck

- In your first year, you will learn all essential skills in consultancy for ERP-Systems
- In our Junior Program, you will be accompanied by our experienced mentors and you will be able to participate as part of our team in several customer projects
- We encourage you to be curious, to observe, make mistakes, to learn and to practice
- By and by, smaller tasks will be transferred to you to solve them independently e.g. develop process diagrams, customizing settings in SAP and writing documentations

#skillcheck

- Degree in informatics, business informatics or a comparable qualification
- Interest in business and economic processes
- Fluent communications skills in English and German (CEFR C-Level)
- Capacity for teamwork, engagement, dedication, curiosity and initiative
- Willingness to learn how to handle implementations, adaptations and development of SAP ERP-solutions
- Analytical abilities

For a first non-binding meeting, contact us at career@consolut.com or write to us via LinkedIn or XING.
