

# JOIN OUR TEAM

If you are

**Senior Consultant SAP on Azure** (all genders),  
we look forward to talking to you.

## #benefitcheck

- Technologically challenging tasks and projects
- Trusting and open cooperation
- Career model with concrete opportunities for advancement and structured development paths
- Possibility to work up to 80% mobile
- Little travel activity
- Sustainable and CO<sub>2</sub>-neutral mobility concept

## #challengecheck

- Further development of the existing SAP on Azure operating concept, specifically at the Azure infrastructure and operating system levels
- Planning and realization of transition projects
- Understand our customers' questions and answer them competently
- Analyze requirements, develop solution approaches and convert them into structured concepts
- Conception, implementation, documentation, testing and adaptation of customer systems with a high level of complexity

## #skillcheck

- Several years of professional experience in the above-mentioned task environment, especially in Azure infrastructure and SUSE Linux operating systems
- Solid experience in advising medium-sized companies in various sectors
- A high level of consulting expertise paired with the motivation to optimize our customers' processes and IT-landscapes
- Knowledge of VPN and networks is an advantage
- Curiosity, willingness to learn and motivation for further development
